

CPM Sales and Service “Exchange” Program

The exchange program is just that. We take in your COMPLETE non-working unit and exchange it for a refurbished / like new working unit for a flat fee. (Exchanges carry a 90 day warranty). Fee rates are seasonal based. Below is the breakdown so you can plan accordingly to be most cost effective.

What defines a COMPLETE non-working unit?

- Unit
- Hand Control
- Base
- All Hard-Wired Components

DO NOT INCLUDE FOOTPLATE OR DETACHABLE POWER CORDS

A unit received by CPM Sales and Service must be complete according to our list above or the unit does not qualify for the “Exchange” program. If we receive a NON-COMPLETE unit, it will be returned to you at your expense.

05/01/2024 THRU 8/31/2024

OPTIFLEX 3	\$400
SPECTRA	\$425
OPTIFLEX K1	\$750
